

DESCRIPTION OF THE PROBLEM OR OF THE REQUESTED ACTIVITY:

IMPORTANT NOTE

Unless other contractual agreements signed between the Applicant and A GROUP SpA, the warranty conditions applicable are those set out in the document "General conditions of sale and warranty", attached and in force at the time of the sale.

A GROUP SpA performs all technical interventions, directly by sending their own personnel or with local Technical Assistance Centers (CAT), referring to the long-lasting cooperation with them.

During the warranty period the CAT must always be formally authorized to act by A GROUP SpA.

The request for a warranty technical assistance must necessarily be sent to A GROUP SpA using this form. A GROUP SpA will appoint their own personnel or CAT (with priority to the one specified by the customer) and inform the customer about modalities and timing of the service.

For technical assistance out of the warranty period A GROUP SpA will appoint their own personnel or CAT (with priority to the one specified by the customer) and inform the customer about modalities, timing and costs of the service.

However, a direct contact with our CAT is possible out of the warranty period; in this case the CAT will directly manage the intervention.

All costs incurred due to missing or incomplete information necessary for the organization and conduct of the intervention will be charged to the Applicant, regardless of the warranty period.

ATTENTION: To allow an efficient organization of the technical intervention, this application must be completed in all its parts and transmitted, complete of any attachments.

The A GROUP SpA After-Sales Department will evaluate your request and back to you as soon as possible to verify and arrange the best date for the intervention.
